

At The Nail Spa we know it's the little things in life that make you smile, and our focus on fab fingers and toes has become an obsession with all-over beauty that helps you say hello to smooth, shiny nails, gorgeously-groomed brows, and dare-to-bare skin.

Our talented team travels here, there and everywhere in search of incredible products and amazing new services. We coax out celebrity secrets to bring you A-list favourites such as Heaven by Deborah Mitchell and Dr. Dennis Gross Skincare, and all our products are tested – on us – so you know you're getting the absolute best. We're also dedicated to complimenting your well-deserved moments of beauty. That's why our loyalty programme builds a relationship that rewards you with relaxing treatments, time-saving tips, and handy suggestions.

But just like you, we know there's more to life than being pretty and pampered. Staff welfare is at the heart of everything we do. We love our team as if they were our own family, teaching our therapists lifelong skills at our beauty boot camp and providing scholarship opportunities for their children. We love our community and are actively involved in local charity fundraising campaigns and other neighbourhood events. We love our planet, sourcing environmentally-sound products and services wherever we can. And we love you, striving every day to make you feel even more valued and cherished. By loving everything we touch, we can promise beauty inside and out so you can ...just be beautiful!

But don't just take it from us; we've been recognised for our caring approach numerous times. These awards – including VIVA Magazine's 'Best Nail Bar' for three consecutive years – prove what we've always known: that beauty and brains are a winning combination.
